# FLYING MOOSE CHALET

Revelstoke, British Columbia

*Welcome to*  
Revelstoke’s Flying  
Moose Chalet

Experience an unparalleled four-season getaway at Revelstoke’s Flying Moose Chalet, featuring 8 luxurious bedroom suites and the region’s largest private helipad.

Nestled above the base of Revelstoke Mountain Resort overlooking the majestic Columbia River, onwards to the Monashee Mountain Range, the Flying Moose Chalet is one of the most spectacular luxury chalets in Revelstoke.

At the end of a quiet, private cul-de-sac, the Flying Moose Chalet offers exceptional comfort and world-class amenities for an unforgettable retreat.

## *Revel in* Exceptional Services

Second only to the spectacular scenery surrounding the Flying Moose Chalet is the world-class service you'll receive.

Professional Lodge Managers, Executive Chef, Bartenders and Chalet staff ensure each stay is truly unforgettable, supporting the one mission at the Flying Moose Chalet: to relax and live in the moment.

Completed in 2018, the chalet includes eight private suites situated throughout 9,000 square feet of luxurious lounging spaces including the two-storey great room with a towering, double sided rock-surround wood burning fireplace, the games room and bar with shuffleboard, ping pong and comfy seating to relax and après or the media room equipped with a full wall projector screen and surround sound.

*Adventure,*  
**Rest, Relax, Repeat**

After adventuring in the mountains or finishing up the day’s round of golf at the new Cabot Revelstoke, the Flying Moose Chalet has every amenity for rest, relaxation and recovery for yet another day.

Upon arrival back at the chalet, the staff will have the resistant swim-spa, eight-person hot tub, cedar lined sauna and expansive steam room warmed up, a fully equipped gym stocked with water and towels and massage therapists at the ready, while staff and private chef prepare après snacks, drinks and a gourmet dinner.

*Unique*  
800 square foot  
luxury heli-lounge.

Whether arriving and departing by helicopter or heliskiing from the chalet, the Flying Moose hosts the largest, private helipad, located just steps from the home.

Upon arrival, step into the most unique space in the home. The Flying Moose Heli Lounge is a custom designed space, thoughtfully curated to welcome guests to the home and serve as the most luxurious of spaces for preparing for any adventure.

With continual fresh air exchange the room is heated and cooled based on the season ensuring gear is warm and dry. Heated bench seating, ample storage, non-slip flooring and dryers have all been contemplated, ensuring another successful day in the mountains.

In addition, the well-stocked beverage cooler, espresso machine, large screen TV and surround sound make this space ideal for revisiting plans with guides or recapping the day's highlights with a Flying Moose Signature Cocktail in hand.
